

## **ARMENIAN NATIONAL COMMITTEE OF CONNECTICUT**

On Sunday, June 4, 2017, the Armenian National Committee of Connecticut will host representatives of ANCA-ER in an attempt to revive the Armenian grassroots activism in Connecticut and make it part of the national advocacy effort for advancing Armenian national causes.

We hope to include Connecticut American-Armenians and supporters of Armenian issues from each of the five Congressional districts in Connecticut. The Connecticut voice has been silent far too long. If our Congressional members were to vote positively and/or co-sponsor bills on economic, trade, border, and other legislation which will come before them in Congress, the Republic of Armenia will greatly benefit from our activities such as phone calls, emails, mailings, and face to face communication with our representatives.

**PLEASE JOIN US and BRING A FRIEND**

SUNDAY, JUNE 4, 2017

2:00 PM
